

INSTRUCTIONS

Solution for the maintenance of septic tanks

Solu-Sept is easy to use. No mixing is required.

Residential Septic tank: add 1 liter of **Solu-Sept** simply by pouring it into a drain or into a toilet connected to a septic tank, 4 times a year.

Commercial Septic tank: for required dosages, please contact your **Solutions Enbiotech Plus** distributor.

For best results: Ensure that the septic tank is drained before the first application of **Solu-Sept**.

Available in sizes: 4, 20 and 205 liters.
