

## INSTRUCTIONS

### Solution for cleaning toilet bowls

**Solu-Super-Clean** is easy to use. A simple dilution is required.

**Toilets and urinals:** add 90 ml of **Solu-Super-Clean** to 910 ml of water in a 1 liter bottle capacity, apply the diluted solution under the inner rim of the bowls and urinals, allow to act for a few seconds, scrub with a brush and rinse.

**Baths and showers:** add 90 ml of **Solu-Super-Clean** to 910 ml of water in a 1 liter bottle capacity, spray the diluted solution directly on all the surfaces to be cleaned, allow to act for a few seconds, scrub and rinse.

**Calcium encrusted carpets and stains:** add 250 ml of **Solu-Super-Clean** to 750 ml of water in a 1 liter bottle capacity, spray the diluted solution directly on surfaces to clean, allow to act for a few minutes, scrub with a soft brush and wipe with a clean cloth.

**Calcium on floors:** Add 250 ml of **Solu-Super-Clean** to 15 liters of water in a clean bucket, spread the diluted solution on floors using a clean mop and wipe excess liquid.

**Solu-Super-Clean** can be used with an automatic dilution device.

**Available formats:** 1, 4, and 20 liters.
